# Ross William Kerrill Potter

---

Earth, Env. & Planet. Sciences, Box 1846, Brown University, Providence, RI, 02912, USA (UK citizen)  
+1 401 863 1437 (work) [ross\\_potter@brown.edu](mailto:ross_potter@brown.edu) [www.rosspotter.com](http://www.rosspotter.com)

---

## EDUCATION

---

### 2012 | PhD, Planetary Science

Dept. Earth Science and Engineering, Imperial College London, UK

Thesis: *Numerical modelling of basin-scale impact crater formation*

Supervisor: Dr. Gareth Collins

### 2008 | MSci, Geophysics with a Year Abroad (first class honours)

Dept. Earth Science and Engineering, Imperial College London, UK;

Dept. Earth and Space Sciences, University of California, Los Angeles, USA

MSci Thesis: *Asteroid deflection by direct impact*

Supervisor: Dr. Gareth Collins

---

## PROFESSIONAL EMPLOYMENT

---

### 10/2014 – date | Postdoctoral Research Associate

Dept. Earth, Environmental and Planetary Sciences, Brown University, Providence, RI, USA

### 02/2012 – 09/2014 | Postdoctoral Fellow

#### (10/2014 – date | Visiting Scientist)

Center for Lunar Science and Exploration, USRA-Lunar and Planetary Institute, Houston, TX, USA

- Research focused on understanding the structure and formation of impact craters and basins using, primarily, the iSALE shock physics modeling code.
  - Member of the NASA Solar System Exploration Research Virtual Institute (Brown University); former member of the NASA Lunar Science Institute (Lunar and Planetary Institute).
  - Currently working with Prof. Jim Head (Brown University) having previously worked with Dr. David Kring (Lunar and Planetary Institute).
- 

## TEACHING EXPERIENCE

---

### 01/2015 – 05/2015 | Course Instructor

Dept. Earth, Environmental and Planetary Sciences, Brown University, USA

- Course instructor for graduate seminar course GEOL2810 'The impact crater to basin transition on the Moon and Mercury'. Responsible for syllabus creation, project marking, and teaching topics such as hydrocode modeling and impact scaling to ten students.

### Summer 2012, 2013 | Lunar Graduate Intern Mentor

Lunar and Planetary Institute, Houston, TX, USA

- Guidance and support, on topics including presentation skills and writing styles, for graduate interns.

## **10/2008 – 12/2011 | Undergraduate Teaching Assistant**

Dept. Earth Science & Engineering, Imperial College London, UK

- Teaching assistant for physics- and math-based undergraduate and masters level classes (Applied Geophysics, Geodesy & Geomagnetism, Global Geophysics & Tectonics, Marine Geology & Geophysics, Mathematical Methods, Processes in Geoscience, and Vibrations & Waves). Responsibilities included marking homework and providing feedback.

---

## **WORK EXPERIENCE**

---

### **06/2012 | NASA Planetary Science Summer School**

Jet Propulsion Laboratory, Pasadena, CA, USA

- Member of a team proposing and designing a mission to Io.

### **10/2010, 10/2012 | Impact Crater Field Training and Research Program**

Meteor Crater, AZ, USA; Sudbury, ON, Canada

- Field research experience at two impact craters.

### **06/2010 – 08/2010 | Lunar Exploration Intern**

Lunar and Planetary Institute, Houston, TX, USA

- Evaluated landing sites for possible future manned Moon missions.

### **06/2009 – 07/2009 | Graduate Researcher**

Lunar and Planetary Institute, Houston, TX, USA

- Investigated the formation of the Moon's South Pole-Aitken impact basin.

### **01/2007 – 06/2007 | Undergraduate Research Assistant**

Institute of Geophysics & Planetary Physics, University of California, Los Angeles, CA, USA

- Solar-terrestrial physics data analyst.

---

## **INVITED SEMINARS**

---

**03/2015** | *Formation and Evolution of the South Pole-Aitken Basin and Other Large Lunar Basins*, Microsymposium 56: The crust of the Moon, Houston, TX, USA

**03/2015** | *How did they do that? Mechanics and scaling of basin-forming impacts*, Massachusetts Institute of Technology, Boston, MA, USA

**07/2014** | *Impact basins and the Moon: Understanding very large crater formation*, Lunar and Planetary Institute, Houston, TX, USA

**05/2014** | *Scarring the lunar surface: The formation of impact basins*, Brown University, RI, USA

**12/2013** | *Forming the largest basins on the Moon*, Open University, Milton Keynes, UK

**07/2013** | *The Moon: An ideal laboratory for investigating impact cratering*, Lunar and Planetary Institute Intern Brown Bag, Houston, TX, USA

**05/2013** | *A crash course in impact cratering*, Johnson Space Center Astronomical Society, Houston, TX, USA

---

## PROFESSIONAL SERVICE

---

### Journal Article Reviewer

Geophysical Research Letters (2014), Icarus (2013, 2015)

### Proposal Review Panel Member

NASA Emerging Worlds (2015); NASA Earth and Space Science Fellowship (2015); NASA Lunar Data Analysis (2015); NASA Planetary Geology & Geophysics (2013); Eugene M. Shoemaker Impact Cratering Award (2013, 2014)

### Program Committee Member

Workshop on Early Solar System Impact Bombardment III, Houston, TX, USA (2015)  
Lunar and Planetary Science Conference, Houston, TX, USA (2013-2015)  
British Geophysical Association Postgraduate Research in Progress, London, UK (2009)

### Conference Session Chair

Bridging the Gap III: Impact Cratering in Nature, Experiments, and Modeling (2015);  
Workshop on Early Solar System Bombardment III (2015); Lunar and Planetary Science Conference (2013-2015); Lunar (and Small Bodies) Graduate Conference (2012, 2015)

### Student Award Judge

Dwornik Award, Lunar and Planetary Science Conference, Houston, TX, USA (2013)  
Outstanding Planetary Student Paper, American Geophysical Union, San Francisco, CA, USA (2012)

---

## OTHER RESPONSIBILITIES

---

### Seminar Series Organizer

2012 – 2013 | Lunar and Planetary Institute, Houston, TX, USA

### Graduate Students Committee Member

2009 – 2010 | Dept. Earth Science and Engineering, Imperial College London, UK

### Treasurer

2008 – 2010 | City and Guilds Motor Club, Imperial College London, UK

### Student Ambassador

2008 – 2009 | Imperial College London, UK

---

## EDUCATION AND PUBLIC OUTREACH

---

### 06/2014 | Video Simulations of Impact Cratering Processes

Lunar and Planetary Institute, Houston, TX, USA

- Produced a set of impact simulations demonstrating and explaining the formation of impact craters on a variety of scales, for use in the classroom. The videos can be accessed at [http://www.lpi.usra.edu/exploration/training/resources/impact\\_cratering/](http://www.lpi.usra.edu/exploration/training/resources/impact_cratering/)

### 04/2012 – 09/2014 | SkyFest Space Days Volunteer

Lunar and Planetary Institute, Houston, TX, USA

- Volunteer overseeing activities and interacting with parents and children.
- 

## TECHNICAL SKILLS

---

### Computer Programming

Fortran 95, Linux- and Windows-based operating systems.

### Software

Microsoft Word, Powerpoint, Excel; L<sup>A</sup>T<sub>E</sub>X; Adobe Illustrator and Photoshop.

---
